Why choose Artisan WoodGrain™?

Artisan WoodGrain™ by Fisher Coating is specifically designed to emulate a premium wood grain look for James Hardie's Artisan product line.

Fisher utilizes a proprietary next generation pre-finishing process on James Hardie's Artisan Collection of Fibre Cement products to offer a premium flat to wall, smooth face wood grain product. WoodGrain is a beautiful wood look with the durability and non combustibility of premium cementitious siding that will set your project apart.

- Touch-up Kits Available
- Colour Match Caulking

ABOUT FISHER

Fisher is a pre-stain manufacturing facility based in British Columbia specializing in semi transparent coatings on both wood and fibre cement.

Originally established in 1998 as a painting contractor, Fisher opened the doors of the first pre-stain factory in 2008. Fisher currently operates in an automated manufacturing facility coating building materials for a wide range of projects and customers throughout North America.

Artisan WoodGrain™ is produced by Fisher Coating on James Hardie substrate. Ask your preferred building supply dealer for details.
