

TrueSoffit

Part of the TrueGrain Series™

Artisan WoodGrain™

Wood-Look Soffit Solutions — Without the Maintenance.

Fisher delivers durable, wood-look soffit solutions on James Hardie® fibre cement, finished with proven coating systems. Our soffit options provide a premium alternative to real wood and wood-look metal materials, capturing the warmth and character of wood without ongoing maintenance. Consistent colour with unique grain variation, combined with dimensional and thermal stability, ensure long-term performance across residential and commercial applications.

2

Select from our program colours

3

Choose your preferred Hardie® product

4

Speak with your builder or James Hardie dealer to order

5

Finished materials arrives on site ready to install

ABOUT FISHER

Fisher is a pre-stain manufacturing facility based in British Columbia specializing in semi transparent coatings on both wood and fibre cement.

Originally established in 1998 as a painting contractor, Fisher opened the doors of the first pre-stain factory in 2008. Fisher currently operates in an automated manufacturing facility coating building materials for a wide range of projects and customers throughout North America.
